Addendum No. 1

RFP No. 25-08

INMATE HEALTH CARE SERVICES FOR ROCKDALE COUNTY

May 9, 2025

RFP #25-08 is hereby amended as follows:

- 1. THIS RFP IS HEREBY EXTENDED TO FRIDAY, MAY 30, 2025, AT 2:00 PM DUE TO THE MEMORIAL DAY HOLIDAY.**
- 2. Below are questions received and corresponding answers:**

A. Question: Would the County be able to provide the drug usage report for Q1, including infirmary usage?

Answer: Yes. Attached.

B. Question: What is the average monthly prescription order volume (Q1 data)?

Answer: 800 was the average monthly prescription order volume.

C. Question: Could the County provide the list of formulary drugs?

Answer: Yes. Attached

D. Question: Would the County be able to provide a current list of e-kit, first-dose meds, and floor stock items with quantities?

Answer: Yes. Attached

E. Question: Does the County require 30-day supplies in single-dose blister cards or 7-/14-day supplies?

Answer: 30-day supplies

F. Question: Is routine delivery of medications expected once daily from Monday through Saturday? Is there a preferred delivery time?

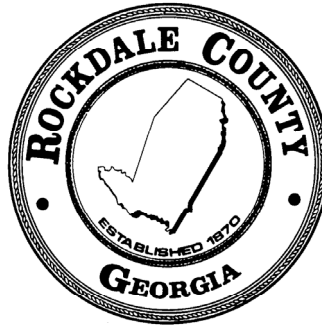

Answer: Delivery should be within 3 business days but usually arrives the next day. The preferred delivery time is early to mid-morning.

G. Question: Please confirm if a performance bond is required for this contract. If required, specify the full performance bond amount or percentage.

Answer: No, a performance bond is not required for this RFP.

H. Question: The RFP requires at least five (5) continuous years of corporate experience administering correctional healthcare programs. Given that many correctional healthcare companies have changed ownership over the years, with leadership often having little to no correctional healthcare experience, and recognizing that the success of a program depends heavily on the experience of its leadership and support staff, would you consider allowing a healthcare company with over 21 years of healthcare experience, nearly four years of direct correctional healthcare experience, and a leadership team with over 100 years of combined correctional healthcare experience to qualify?

Answer: We would still require the 5 continuous years of corporate experience.

I. Question: The RFP requires demonstrating accreditation experience in comparable or larger facilities. Will leadership team experience be accepted to meet this requirement, or must it be based solely on corporate experience? Leadership experience is often a strong indicator of a program's ability to achieve and maintain accreditation as it is the leadership that drives clinical quality, operational compliance, and successful accreditation outcomes.

Answer: Based on corporate experience.

J. Question: Please confirm whether the selected contractor will be required to bill inmate insurance directly for covered services.

Answer: Yes

K. Question: Has the county ever considered managing the healthcare services in house and working with a staffing partner to provide the required staffing coverage for the county jail?

Answer: No, the county will not consider managing the healthcare services in house and working with a staffing partner to provide the required staffing coverage for the county jail.

L. Question: P.3 of the RFP states that the proposal is due at 2:00 PM on Thursday, May 29, 2025. Memorial Day is May 26, 2025. As this is a hard copy submission, would the County consider extending the deadline by one day to allow for printing and shipping time?

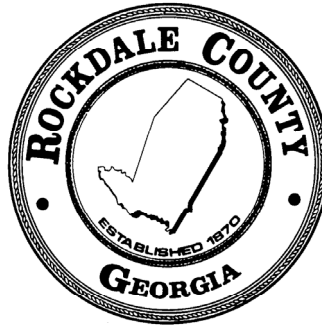

Answer: Yes, it will be extended to May 30, 2025, at 2:00 p.m., local time.

A. Question: P. 24 of the RFP states that “A. The County acknowledges and agrees that it shall be responsible for payment of all costs and expenses associated with the provision of those services that occur for Specialty Care, when such costs and expenses exceed \$50,0000.00 for the first twelve (12) months of this Agreement (the Aggregate Cap Amount”) and any subsequent twelve (12) month extensions of this Agreement. In addition to Specialty Care, advanced diagnostics (ultrasound, CT, etc.), chemotherapy and dialysis will apply to the Aggregate Cap.” Please confirm that the amount will be \$50,000.00 and that \$50,0000.00 is a typographical error.

Answer: Confirmed. This is a typographic error.

3. All other conditions remain in full force and effect.
4. If a proposal has been submitted and anything in this Addendum causes the contractor to change the item offered or to increase or decrease the proposal price, the new price and/or changes will be inserted below:

5. All contractors under this Request for Proposal are kindly requested to acknowledge receipt of this Addendum on the Proposal Form, page 28 of this RFP.
